GENERAL PRICING INFORMATION

The **TRACKSTAR standard price charts** on the following pages **include all installation hardware, channels/tracks, carriers and a Tracklock mechanism with wand** to operate the shade. Other lifting options are available, including Cord and Cleat and Motorization. Please refer to the desired option for the appropriate surcharge. Trackstar shades include an oval hem bar. The hem bar holds the Tracklock mechanism for ease of operation and provides added stability and weight.

TRACKSTAR FOLDING SHADES are used in *three* main ways:

Single-Bay Shades are used to cover individual bays in a greenhouse or similar structure with a shade in each bay.

- Single-Bay Shades can be made to a maximum width of 72".
- They can be manually operated or motorized.
- Manually operated single-bay shades employ Fabritec's exclusive Tracklock mechanism and are operated with the use of a wand, which we supply and is included in the prices in the price charts.
- When motorized, any number of single-bay shades can be operated with just one motor.

Multiple-Bay Shades are used to cover multiple bays in a greenhouse or similar structure with one large shade covering all bays.

- These shades can be made to virtually any width. However, supporting tracks are required to hold large shades at intervals of 48" to 60". Multiple-Bay Shades should be motorized.

Skylight Shades are used for horizontal skylight applications.

- Skylight Shades can be manually operated or motorized.
- Manually operated Skylight Shades can be made to a maximum width of 72" x 72". Skylight Shades beyond this size must be motorized.
- Motorized Skylight Shades can be made to virtually any width.
- Skylight Shades wider than 60" require a center support; either guide wires or tracks across the width of the shade.
- Motorized Skylight Shades usually have exposed operating cords across the width of the shade as needed, in addition to the guide-wire supports.
- Motorized Skylight Shades can be made with hidden operating cords using Fabritec's exclusive **Helireel™**.
